Sharing Session

- NA Clarity statement should maybe be put in homegroups chair sheet so that we do not blur the message between the two fellowships. This is autonomous to each homegroup but Autonomy does not mean that each group has the option to blur the message.
- There is an I.P called "The Group". It was suggested that members read pamphlet before they have a lead for their group.
- Suggested to approach those members that are blurring the message after the meeting that are not in treatment and speak in a loving and caring way as to not push them out of the rooms.
